

Dear Friends and Members of MROAI

AERO MRO INDIA 2019 was a successful event where stakeholders and our Government had excellent discussions on an open platform. I am confident that based on these interactions we will achieve the much needed and long overdue policy objectives for our industry. This years participation also included a number of International and Domestic Exhibitors who were able to show case their products and services to a gathering of the MRO industrys' decision makers. It give me immense pleasure to say that the Seventh Edition of the event was by far the best in both participation in form of exhibition, delegates, stakeholders and Government Representatives. The event has grown thanks to you all to be the biggest MRO event in India.

Next year we will be celebrating a decade of MRO ASSOCIATION OF INDIA. I look forward to your continued support to make the event even more successful.

Dear Friends

AERO MRO INDIA A & D 2019 was a successful bespoke event where we could bring the stakeholders and the Government on a platform to discuss and delete on several issues. Exhibitors could show case their products and services to the August gathering. It give me immense pleasure to say that this Seventh Edition of the event was by far the best in both participation in form of exhibition, delegates, stakeholders and Government Representatives. The event has grown by 30 percent over last year. Thanks to you all.

Next year we will be celebrating a decade of MRO ASSOCIATION OF INDIA, India's Only MRO Forum. We are planning a bigger event and want all your support to make the event successful.

Jai Hind
